

Congratulations Congratulations

ROBYN S. CAMPBELL

Robyn Campbell graduates this spring from Deer Park High School in Cincinnati ranked number eight in her class and carrying an unweighted cumulative GPA of 3.99. Most impressive about Robyn is that she has already completed 13 college-level classes at nearby Xavier University since her junior year in high school (with a GPA of 3.83), in addition to her high school honors courses and a plethora of activities and honors. Robyn will continue her studies at Xavier in the fall, majoring in Business. It is her dream to own her own plant nursery one day.

In her community, Robyn has been very active as a volunteer with the local Boy Scouts planting and maintaining public gardens, planting trees, cleaning up waterways and working in a soup kitchen. She already volunteers at Xavier with the grounds crew and plans to continue. Additionally, she looks forward to participating in the Xavier urban poverty group doing volunteer work in Washington, DC. At her church, Robyn volunteers her services regularly playing the flute. She describes herself as "interested in the environment and preserving the diverse wildlife," thus, her goal of owning a plant nursery.

Before transferring to Deer Park High School, Robyn played in the Moeller High School marching band and concert band. At Mount Notre Dame she was on the bowling team and served on several planning committees and the "Adopt-A-Class" program. Robyn was named to First Honors each quarter, receiving second honors only once in the first quarter of ninth grade. She is a member of Alpha Lambda Delta, received a "Merit Award," a "Citizenship Award," and multiple music awards including Outstanding Freshman, Outstanding Sophomore, and two top solo ratings in competition, among others.

In addition to her music, Robyn enjoys fencing, doing crafts, swimming, gardening, and German language and culture.

A professor at Xavier said of Robyn, "I would rank her in the top 1% of my undergraduate students in terms of intellectual ability, determination, and work ethic." Her German instructor at Xavier states, "Robyn stood out from the beginning ..." and was shocked to learn she was only a high school junior while in her class.

Robyn is the daughter of Douglas and Anne Campbell. Doug works at branch #2476 in West Chester, Ohio as a manager in the Information Systems Department and Anne is self-employed.

Congratulations and best wishes for the future, Robyn Campbell!
