

Sawyer Phillips

College: University of Saint Thomas

Field of Study: Environmental Studies

Sawyer would first like to positively affect someone every day to help a person in need through lending an ear or making them smile. His second goal is to become bi-lingual, speaking Spanish fluently to offer a special skill set in the workplace. This will also allow Sawyer to experience his passion for the Mexican and Spanish culture more fully. He plans to minor in Spanish in hopes of studying abroad for at least one semester in Costa Rico or Spain.
