

Legacy Fund

Recognizing People Today Who Are Planning Gifts That Will Impact Future Generations In Ways You May Never Have Imagined.

What is the Virginia Peninsula Legacy Society?

Society members are the visionaries who demonstrate their confidence in furthering the crucial mission of the Foundation by creating a lasting legacy beyond their lifetime through inclusion of PCF in their Will or Trust. Their gifts will make a difference in the lives of future generations.

Why join?

Planned giving is important as your will is a statement of your values and reflects what is meaningful to you today. You can trust the Foundation to target your resources to have the greatest impact in your community tomorrow.

What are the benefits of participation?

Being honored by name as a member of the Virginia Peninsula Legacy Society gives you the opportunity to belong to a select group of like-minded citizens. These advocates have an enduring impact on the causes that matter, while being an inspiration to others. Your name will forever be attached to the good causes the Foundation represents.

How does it work?

Your gifts take the form of bequests by naming the Peninsula Community Foundation not only in your will or trust, but also in a charitable remainder trust, gifts of life insurance, or any other type of charitable planned gift that works for you.

Why become a member today?

Our community is already the beneficiary of hundreds of gifts entrusted to the Community Foundation. Too often, gifts go unrecognized because they come at the end of the donor's life. The Legacy Society provides a way for the Community Foundation to honor and thank donors during their lifetimes.

How do I get started?

1. Establish - Include a gift to The Foundation in your will or trust by establishing a bequest or through a codicil, available upon request.
2. Notify - Donors notify The Foundation of their plans and automatically become members of the Legacy Society.
3. Join - Donors join the network of other Legacy Society members and receive special recognition.
